Connect with Us!

Congratulations, Class of 2024!

Great Futures Start Right Here in Wayne-Westland Community Schools, and the Class of 2024 exemplifies excellence. They are ready for college and their future careers and have earned over \$10 million in academic and athletic scholarships.

Some have enlisted in the Army, Navy, Air Force, and Marines. We are proud to have them serve our country. Our graduates have also earned certifications in skilled trades at our career-technical center. They will enter the workforce with the necessary skills to earn competitive salaries.

Enroll Today

We want you to join us in Wayne-Westland Community Schools. We currently have openings in our preschool programs and K-12 classes. For more information on how to register your child, please visit www.wwcsd.net/enrolltoday.

Wayne-Westland Community Schools offers a wide range of academic programming from preschool to virtual classes with live instructors, a credit recovery program to get high school students back on track, and career-technical courses designed to prepare students for the workforce.

- Stottlemeyer Early Childhood Center is now accepting 2024-2025 school year applications. With classes for children four and five, your child's early childhood experience will pave the way for a great future.
- Do you have a child who will be ready for Young 5s or kindergarten next fall? Enrollment is now open for the 2024-2025 school year at www.wwcsd.net/young5s.
- The Intra-County School of Choice for the 2024-2025 school year window is now open for kindergarten through 12th grade students who do not reside within the Wayne-Westland Community Schools boundaries.

Wayne-Westland Community Schools prepares students for college and careers through awareness, exploration and preparation. Enroll today at www.wwcsd.net/enrolltoday.

Summer Learning

We are thrilled to partner with several community organizations to offer our students a diverse range of exciting summer programs. These programs, from virtual academies to career exposure camps, enhance learning, foster creativity, and provide a fun-filled experience. For a list of summer offerings, visit www.wwcsd.net/departments/curriculum-instruction-and-assessment/summer-programs/.

Family Resource Center open this summer for Wayne-Westland families

The Family Resource Center offers free services to all Wayne-Westland families, including essential needs assistance, access to over 700 local resources, a laundry assistance program, and material items for those in need (emergency toiletries, socks/underwear, hats/gloves/scarves, etc.). Additionally, they provide school supplies and backpacks year-round for any district student.

During the summer, the centers at John Glenn High School and Franklin Middle School are open from 8 a.m. to 4 p.m., Monday through Thursday. To schedule an appointment, contact the Family Resource Center at 734-419-2709 or FRC@wwcsd.net. Please note the Adams Middle School site will be closed during the summer due to construction.

Healthy Food to Fuel your Summer

Students still have access to nutritious meals when school is not in session. With Meet Up and Eat Up, children 18 years of age and under and disabled adults under 26 enrolled in an educational program can get free healthy summer meals (breakfast and lunch). Meals are provided Monday

through Thursday only at the sites listed below. There will be no service from July 1 - 5, 2024. Look for the Meet Up and Eat Up sign posted at the entrance.

Breakfast: 8 a.m. – 9 a.m. / Lunch: 11 a.m. – noon

John Glenn High School

36105 Marquette, Westland, MI 48185
June 10 - August 1, 2024
Lunch: 11 a.m. - 12:30 p.m.
(enter through door left of receiving)

Schweitzer Elementary School

2601 Treadwell, Westland, MI 48185
July 8 – August 1, 2024
Breakfast: 8 a.m. – 9 a.m. / Lunch: 11 a.m. – noon

Stevenson Middle School

38501 Palmer Road, Westland, MI 48186
June 12 - August 15, 2024
Breakfast: 8 a.m. – 9 a.m. / Lunch: 11 a.m. – noon
(enter through door 11)

Wayne Memorial High School

3001 Fourth Street, Westland, MI 48184
June 10 - August 8, 2024
Breakfast: 8 a.m. – 9 a.m. / Lunch: 11 a.m. - 12:30 p.m.
(enter through Stockmeyer Auditorium entrance)

Notice of Asbestos Reinspections

In accordance with Section 763.84 of the Asbestos Hazard

Emergency Response Act (AHERA), or the "Asbestos in Schools Rule," Wayne-Westland Community Schools is notifying employees and building occupants, or their legal guardians, of activities conducted within the past school year involving the asbestos inspections, response actions, and post-response action activities, including periodic re-inspection and periodic surveillance activities, that are planned or in progress at school district facilities.

Asbestos surveillances are conducted every six months and continue on a regular schedule. The three year re-inspection activities for all district facilities were conducted in January 2015. The next three year reinspections will occur in January 2018. All surveillances and re-inspections are conducted by Michigan Licensed Asbestos Inspectors.

No asbestos abatements activities were conducted during the previous school year. When necessary to support renovations, abatement will be completed in accordance with all state and federal regulations by trained and accredited personnel. Notifications will be provided to potential occupants prior to any scheduled abatement.

The Wayne- Westland Community Schools AHERA management plans are available for review at each school, or at the Buildings & Grounds Facility, 33415 Myrtle, Wayne, Michigan 48184. Summaries of abatement projects prior to the 2016-2017 school year are included in the plans, and complete documentation is maintained at the Buildings & Grounds Facility.

Why Worry About Stormwater?

Many people may not realize that stormwater collected in drains located on the curbs of their streets does not flow to their local water treatment plant. Rather, this water remains untreated and is discharged directly into the waterways. During this journey to the waterways, stormwater collects and carries a broad range of pollutants. Stormwater is a non-point source of pollution thus making it extremely difficult to address and the single greatest threat to our water quality and watershed health. Non-point source pollution comes from many diffuse runoff sources such as rainfall, snowmelt, flowing over and through the ground, picking up pollutants as it goes. Some of these pollutants occur naturally, such as nutrients from sediments, manure, or pet wastes. Others pollutants such as fertilizers, automotive grease, and oil occur from our interaction with the environment. Stormwater acts as a carrier of non-point source pollution and therefore is considered a major cause of water quality problems both in Michigan and nationwide.

Public Notice of Stormwater Management Plan (SWMP)

To this end, the school district has developed and has implemented a "Stormwater Management Program Plan (SWMP)" to reduce the discharge of pollutants from their MS4 to the Maximum Extent Practicable and protect water quality in accordance with the appropriate water quality requirements of Michigan Act 451, Public Acts of 1994, Part 31, and the Federal Water Pollution Control Act and the district National Pollutant Discharge Elimination Permit (NPDES).

A copy of the Stormwater Management Plan (SWMP) is available for review on the District's website at www.wcsd.net. Any questions or comments regarding the Stormwater Management Plan should be directed to the Buildings and Grounds Department or through the contact information listed on the webpage.

Advisory To Parents/Guardians

Dear Parent or Guardian:

State of Michigan law requires schools and day care centers that may apply pesticides on school or day care property to provide an annual advisory to parents or guardians of students attending the facility.

Please be advised that the Wayne Westland Community Schools utilizes an Integrated Pest Management (IPM) approach to control pests. IPM is a pest management system that utilizes all suitable techniques in a total pest management system with the intent of preventing pests from reaching unacceptable levels or to reduce an existing population to an acceptable level. Pest management techniques emphasize sanitation, pest exclusion, and biological controls. One of the objectives of using an IPM approach is to reduce or eliminate the need for chemical applications of pesticides. However, certain situations may require the need for pesticides to be utilized.

As required by State of Michigan law, you will receive advance notice regarding the non-emergency application of a pesticide such as an insecticide, fungicide or herbicide, other than a bait or gel formulation, that is made to the school or day care grounds or buildings during this school year. In certain emergencies, such as an infestation of stinging insects, pesticides may be applied without prior notice to prevent injury to students, but you will be notified following any such application.

Advance notification of pesticide applications, other than a bait or gel formulation, will be given by at least two methods. The first method will be by posting at the main entrance to the school, which is clearly marked at the front of each building and is the only door through which the public will be admitted. The second method will be by posting on a bulletin board in the main office of each school.

Please be advised that parents or guardians of children attending the school are entitled to receive the advance notice of a pesticide application, other than a bait or gel formulation, by first class United States mail postmarked at least 3 days before the pesticide application, if they so request. If you prefer to receive the notification by first class mail, please complete the attached form and return it to our office.

Please be advised that parents or guardians of children attending the school may review the school's Integrated Pest Management program and records of any pesticide application upon request.

Application Notice

Request For Notice Of Pesticide Application For Parent/Guardian

Dear Parent/Guardian:

Request For Notice Of Pesticide Application For Parent/Guardian

Complete this form ONLY if you are requesting notification by United States Postal Service first-class mail.

Please be advised that you WILL receive notice via the methods identified in the advisory notice and should only complete this form if you are ALSO requesting notification by first-class mail.

If you are requesting prior notification of pesticide treatments conducted at this school, other than a bait or gel formulation, and you would like the notice to be delivered by United States Postal Service first-class mail at least 3 days prior to the planned treatment, please complete the information on the following form and submit it to:

Matt Connolly, Supervisor of Maintenance & Operations
33415 Myrtle, Wayne, MI 48184
(734) 419-2160.

connollym@wwcsd.net

I wish to receive a prior notice of any pesticide application to the school or day care center by first class mail.

BUSting with Learning Schedule

For eight weeks this summer, the district will take literacy on the road to provide free literacy resources, school supplies, and a little fun with games and activities to students and children in the community. Check out the schedule below. Every student can choose books, get literacy activities, engage in STEM activities, and much more.

District staff will be on-site to help register new families for the 2024-2025 school year.

	10:00-11:00	11:30-1:00	2:00-3:15
June 18	Wildwood	Hamilton	Elliott
June 19	Schweitzer	P.D. Graham	Walker-Winter
June 25	Edison	Hicks	Taft
June 26	Roosevelt-McGrath	Wildwood*	Hamilton
July 9	Elliott	Schweitzer	P.D. Graham
July 10	Walker-Winter	Edison	Hicks
July 16	Taft	Roosevelt-McGrath	Wildwood*
July 17	Hamilton	Elliott	Schweitzer
July 23	P.D. Graham	Walker-Winter	Edison
July 24	Hicks	Taft	Roosevelt-McGrath
July 31	All district families are welcome to the final event at Schweitzer Elementary from 10:30 a.m. - 2:30 p.m.
