I. DISC Behavioral Assessments – MacKenzie Feldpausch, MASB

Ms. Feldpausch from Michigan Association of School Boards reviewed the DISC Behavioral Assessments with board members and administration members. A "MASB DISC behavior assessment" refers to a personality assessment tool used by the Michigan Association of School Boards (MASB) that utilizes the DISC model to analyze and understand the behavioral tendencies of individuals, categorized into four main traits: Dominance (D), Influence (I), Steadiness (S), and Conscientiousness (C); essentially helping to identify how people might react and interact in different situations, particularly within a school board setting. Packets were shared and discussed as well as the session being interactive with the presenter and those in attendance.
