May 26, 2026

Dear District Facility Use Vendor,

We hope this letter finds you well.

To better align with our district goals, we have updated our policies and facility rental procedures. Effective July 1, 2026, a new pricing structure will go into effect. While the district has faced rising operational costs, we have not updated our rates since 2011. We have carefully reviewed neighboring school districts' rates to ensure our new pricing remains fair and competitive.

We deeply value your partnership and appreciate your understanding as we make these necessary adjustments.

Additionally, we are excited to introduce a new feature on our district website. You can now conveniently make facility rental payments online through our RevTrak system.

If you have any questions regarding facility scheduling or invoicing, please contact Evelyn Stoakley at 734-419-2048.

Thank you for your continued support.

Sincerely,

Jewell Clair
Chief Financial Officer
