Patient Name _____ **Birthdate** _____

Section 1: The Corewell Health School Based and School Linked Clinics provide medical care, mental health care, and health education services to adolescents and young adults including, but not limited to: physicals; immunizations; sick care; first aid; lab tests and prescriptions; skin and nutrition care; hearing and vision screenings; diagnosis and treatment for sexually transmitted infection; HIV counseling and testing; reproductive health education and referral; individual and group counseling; and substance abuse prevention, assessment and referral. Services are rendered without regard to sex, race, religion or sexual orientation.

I understand that Michigan law does not require a parental consent for a minor to receive advice or treatment of drug abuse; alcoholism; sexually transmitted diseases, including HIV; reproductive health care; or outpatient counseling. At the health provider's discretion, a parent may be notified if the situation is dangerous or life threatening.

I consent to allow the Corewell Health School Based and School Linked Clinics to provide treatment, including, but not limited to, the services listed above as the physician and health care staff of the School Based and School Linked Clinics consider necessary. If a service is provided through telehealth, including live two-way video, audio, or other computer-based services, I agree that I have read and understand the important information on privacy and possible risks in the attached Telehealth Information document. I understand that I can withdraw my consent at any time by giving notice in writing. If I am signing as a parent/guardian, this consent is valid until the patient turns age 18 years, unless it is withdrawn in writing.

I understand that testing for blood borne diseases, including HIV, may be performed without a separate written consent if a health professional, volunteer, student or employee of Corewell Health is exposed to the patient's blood or body fluids through skin, mucous membrane or open wound.

Section 2: *Authorization to Pay Insurance Benefits to the Corewell Health School Based and School Linked Clinics and Release of Information.* I authorize my insurance carrier to pay the Corewell Health School Based and School Linked Clinics for services rendered to me/my child that are covered under my health insurance plan. I understand I may be responsible for fees and charges if my health care provider does not participate in my health insurance plan. I understand I may be responsible for fees and charges that are co-pays, deductibles, or that are for services that are not covered under my health insurance plan. I also authorize the Corewell Health School Based and School Linked Clinics to release medical information to any Corewell Health hospital, facility, entity or physician, or me/my child's primary health care provider for continuity of care. A copy of this authorization may be used in place of the original. I understand that I or my insurance carrier may withdraw this authorization at any time by stating so in writing. I understand that the Corewell Health School Based and School Linked Clinics will protect the information in my/my child's medical record, but from time to time the Corewell Health School Based and School Linked Clinics must release information regarding the care provided to state or federal regulators. I understand that if a test for certain sexually transmitted infections is positive, the law requires the reporting of the positive result to a public health agency.

I have received a copy of the Corewell Health Notice of Privacy Practices. I understand that this Notice provides me with information on my privacy rights and how my health information may be used and disclosed.

I consent for treatment as stated in above Sections 1 and 2
